COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The men whom many of you have recently met at the Assessors' office, Mr. Meunier and Mr. Cushman of Cole, Lyster & Trumble, and Mr. O'Donnell of Wright & Pierce were very pleased with the reaction of Bethel people in regard to the revaluation hearings. It is my understanding that Bethel had about the average proportion of people who wanted to talk with the assessors.

We believe this will have several indirect benefits to many people. These values have in many other towns been used by banks as a guide for loans. Insurance companies will no doubt be able to make use of the valuations for insurance coverage as well as assistance in some loss adjustments. Many attorneys have taken advantage of the tax maps showing the map and lot numbers in their deeds for transferring property. People and real estate agents will no doubt make some use of the valuations for guides as to sale values. It will be of definite advantage to have the location and description of the various lots in the town office.

Thanks,
O. T. Rozelle

EXPECT LARGE ATTENDANCE AT GOULD ACADEMY PARENTS' DAY SATURDAY

A record number of parents is expected this week end as Gould Academy holds its annual Parents' Day Saturday. The headmaster, faculty, and students have made elaborate plans to insure the parents an enjoyable time on their day. Early arrivals to Bethel will have an opportunity to watch professional basketball Friday night at 8:00 as the Boston Celtics will play an exhibition game with the Rochester Royals in the Gould Academy Field House.

The Gould Academy co-eds will kick off rather late off, Saturday's events with a field hockey game with the girls from Kent Hills. The game is scheduled for 10:30 a. m. at the girls' athletic field.

Highlighting the day's activities will be a football game starting at 2:30 p. m. with traditional rival Lyndon Institute of Lyndonville, Vt. An interesting note to the Gould Lyndon series is that Gould has ever won at Lyndonville and the victors have yet to win here in Bethel. Coach Scott's charges are intent on keeping the perfect home state intact. The Huskies enter the Lyndon contest undefeated and unscathed upon with 13-0 and 31-0 victories over South Paris and Norway respectively.

Immediately following the football game there will be a tea dance for all students in the Holden Hall gymnasium. As in the past there will be a dance competition to determine the best dancers. The tea dance will be held at 5:30 p. m. and will be attended by the parents and students of the school. Refreshments will be served and a report on the school year will be given. An interesting and varied program has been arranged for Saturday evening to conclude the Parents' Day.

My law office is now at the corner of Main and Philbrook Streets, next to the Brooks hardware store.

P.T.A. SPONSORING PROFESSIONAL BASKETBALL GAME HERE FRIDAY NIGHT

All roads lead to Bethel on Friday, Oct. 12, when professional basketball comes to the north country. This little town is small in size but has some big ideas and the facilities to back them up. Consequently, when the Bethel Parent Teacher Association was searching for new and different ways of raising funds for playground equipment, for books for the school library etc., the thought of asking the Boston Celtics to play one of their fall exhibition games in Bethel came up and was agreed to be a good one. Walter Brown, owner of the Celtics, thought so too and thus it was arranged that the Celtics and their touring competition, the Rochester Royals, would play in Bethel on Friday, Oct. 12, at 8 p. m.

For a town of its size Bethel is most fortunate to have the facilities of Gould Academy field house in which to hold this event, where more than 1,400 people are expected to gather to witness this first in a life-time appearance in such a small town of two top professional basketball teams.

BETHEL BOY SCOUT FINANCE CAMPAIGN TO OPEN MONDAY

Miss Duffy, Mr. Palmer, and Mr. Thompson, assisted by a number of students from town and dormitory in readying a 10-foot valentine which will include numbers by girls' glee clubs and the variety glee club, under Mr. Marcellus's direction, a wrestling match which promises to exceed anything on television, a duo by Kenny Nowlin and Ted Wright, tap dance directed by Pat Brewster, assisted by Miss Duffy, a double-panel show, including "I've Got a Secret" with "What's My Line" a style show with beautiful models, a piano jazz band featuring the Two Davas, and a positively final return concert in Bethel. Coach Scott's charges are intent on keeping the perfect home state intact. The Huskies enter the Lyndon contest undefeated and unscathed upon with 13-0 and 31-0 victories over South Paris and Norway respectively.

Immediately following the football game there will be a tea dance for all students in the Holden Hall gymnasium. As in the past there will be a dance competition to determine the best dancers. The tea dance will be held at 5:30 p. m. and will be attended by the parents and students of the school. Refreshments will be served and a report on the school year will be given. From the Dave Creek Press, Dave Creek, Colorado: To say that international trade is a good thing and that the world needs more of it is to say what almost everyone believes. Trade can do much to iron out our misunderstandings between the free nations and to advance the standards of living of peoples.

That problem can be solved, Mr Jennings clearly believes. If the needed kind of teamwork is encouraged. But there are deterrents to it. These include inflationary tax and legislative proposals of various kinds which would make it more difficult to get necessary capital together for the tremendous jobs which lie ahead. It would be particularly dangerous, he said in effect, if big business were made a target and treated in a punitive manner. For there are areas in which big business is absolutely essential just as there are areas in which the smaller business can operate most effectively.

Mr Jennings ended his talk with these words: "Mankind's way is a richer life in a poorer world is clear. I have the utmost confidence that if we can but see the light we will be guided by it."

structural agrarian taxation and debt as long as the handouts continue. Unless the process is reversed eventually inflation will continue to its disastrous end. Only the people can reverse the current trend. Will it take a lone party instead of a tea party to save personal earnings and our private enterprise system as contrasted with big government which eventually leads to socialism and degradation of the individuals?

From Sam Ludy, Ft. Recovery, Ohio: I remember when in the late and luggy days, a hitch-up race was held near Greenville, Ohio. Half a dozen young men lined up their buggies with harness in luggy and horse tied to rear axle. At a signal, they harnessed the horse, hitched it to the buggy and started down the track. My brother Willie won the prize, a box of cigars, but he didn't smoke.

PEOPLE WHO MAKE A HOME

By Fran Pachter

MY MOTHER and dad lived with us in the summer and spent the winter with my brother Andy in Florida. We thought this was a nice setup for old folks living in the advantage of ideal weather all year around. We both enjoyed having them as they were easy to live with people. It was also nice having baby sit with so handy. We were under the impression that they liked it so well that they would stay with us all year.

I noticed that something was about when I looked up to see both my parents sitting one another suddenly waiting for the other to speak.

"What's up you two?" I asked. "You both look mighty grumpy!"

"It's like this, Son," Dad began. "We've been thinking you and your brother have made life so good and easy for us that we're grumpy and bored."

I had been shown surprise by their remark. I had been so happy to have them here and I had been so happy to have them here and I had been so happy to have them here.

"But, but," I spluttered. "You're always worked as hard as you can take it away."

"You let the ball right on the head," replied Dad. "We miss the challenge of hard work. We miss the challenge of hard work. We miss the challenge of hard work."

"I miss the challenge of hard work," replied Mom. "I miss the challenge of hard work. I miss the challenge of hard work."

SOME SOCIAL SECURITY

PAYMENTS TO BE MADE

BY FAMILY-CHECK

Some elderly couples will receive their social security benefits this month combined in a single family-check, John M. Beale, district manager of the Lewiston social security office announced. Wives of retired workers who filed their claims within the last month or so will have their benefit amounts combined with their husbands' old-age and survivors insurance benefits, if they are living at the same address, and are not entitled to old-age insurance benefits based upon their own work records.

Beale emphasized that the combination of the husband's and the wife's benefits into one check in no way affects the right of either individual to his or her benefit, nor the amount of that benefit. Both of them must sign their names on the back of the check before the check can be cashed.

The new method of payment, which is being instituted on a trial basis, is expected to cut the expenses of the Government in issuing and mailing checks and to relieve congestion in post offices around the first of each month when social security and other Government checks are mailed out.

No combination of the social security benefits payable to a husband and wife will be made where they are not living together or where part of the wife's benefit amount

is an old-age insurance benefit based upon her own record of work under social security. Separate checks will also continue to be issued where either the husband or the wife has been determined to be incompetent to handle funds.

Any beneficiary who for any reason objects to having his or her benefit amount combined with that of a spouse will be paid by separate check, Beale said. He or she need only notify the social security office. The new procedure of paying husbands and wives by combined check, he pointed out, will not be extended to all elderly couples who were on the social security rolls before September 1956, until it has proved successful and productive of the expected savings in administrative costs.
